12.3-INCH FULL DIGITAL INSTRUMENT CLUSTER

High-resolution display presents key driving information with exceptional clarity.

10-INCH CENTRAL TOUCHSCREEN DISPLAY

Modern infotainment interface providing easy access to vehicle settings and entertainment features.

ZF 8-SPEED AUTOMATIC TRANSMISSION

Equipped with a world-renowned ZF 8-speed automatic transmission, delivering smooth gear changes, rapid response, and outstanding driving comfort.

MULTI-FUNCTION LEATHER STEERING WHEEL

Leather-wrapped steering wheel with integrated controls for convenient access to key vehicle functions.

SEATING & COMFORT

Premium Leather Seats

-High-quality leather upholstery delivers a refined appearance and superior comfort.

-6-Way Power Adjustable Driver Seat

-Allows the driver to easily find the ideal seating position for maximum comfort.

PERFORMANCE

BJ40

CONQUER EVERY TERRAIN

165/160

MAXIMUM POWER (KW)

380

MAXIMUM TORQUE (Nm/rpm)

OPTIMIZED FRONT AND REAR SUSPENSION

Double wishbone independent suspension and five-link rear suspension assure stable articulation on uneven ground and make you a comfortable ride all the way.

THE 8AT GEARBOX

With Smooth shift and reliable performance, you can explore all terrains off-road and on-road in style and comfort.

PART-TIME 4WD SYSTEM

By 4 driving modes, you can easily cope with a variety of weather and topography.

MILITARY STANDARD

THIS SUV EMPLOYS MILITARY TECHNOLOGY, E.G. METAL BRAKE LINES AND ALL-FLOATING DRIVE AXLE.

ULTIMATE PERFORMANCE FOR THE DRIVE OF YOUR LIFE

Venture into the uncharted with unquestionable reliability of the BJ40. This extraordinary SUV boasts unbridled power, opening roads to new horizons.

Strong Separate Frame Construction

BJ40 boasts a separate frame construction, which increases torsional stiffness by 40%. The cross section of the frame beam is 138x60mm².

Superior Torque Delivery

High-efficiency power output. Reaches 82% of peak torque at 1200rpm and 90% at 1600rpm.

Safe and Reliable

A standard configuration of ultra-high anti-roll frame in the front and rear constitutes a natural barrier to protect passengers and ensures safety. The anti-compressive stiffness of the roof is up to 22240N.

Off-Road Capabilities

Approach angle is 37°, departure angle is 33°, ramp-over angle is 24°, and the min. ground clearance is 210mm.
