

ELEGANCE AND VERSATILITY FOR ANY ROAD

Descriptions highlighting it as a luxury
off-road SUV that blends luxury,
performance, and advanced technology.

BAIC
BJ60

EXTERIOR DESIGN

GRILLE LIGHTS

The "five hole" grille light is the theme of the entire vehicle lighting design

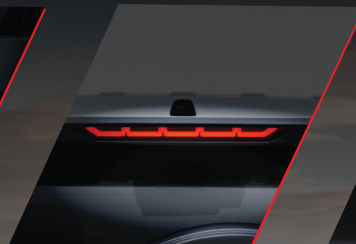

LED HEADLIGHTS

4-module lens

LED TAILLIGHTS

After lighting up, abstract lantern patterns appear on the upper and lower brake light masks on the inner side

BRAKE LIGHTS

Image of the Great Wall Arrow Crest

ALUMINIUM ALLOY WHEEL HUB

18 inch, 20 inch oversized wheels

PANORAMIC SUNROOF

Experience a brighter and more spacious cabin with the BAIC BJ60's 0.82 m² panoramic sunroof, designed to flood the interior with natural light and provide an open-air feeling for all passengers.

INTERIOR FEATURES

4-WAY ADJUSTABLE STEERING WHEEL

Allows height and reach adjustment to help drivers find their ideal driving position for enhanced comfort and control.

10.25-INCH FULL LCD INSTRUMENT CLUSTER

A fully digital display that presents essential driving information with crystal-clear graphics, creating a modern and sophisticated cockpit experience.

AMBIENT LIGHTING FEATURES

256-color customizable ambient lighting with multiple modes including ribbon, multi-color, breathing, and rhythm effects. Supports intelligent driving and theme-based synchronization for a personalized cabin experience.

TRANSMISSION 8-SPEED AUTOMATIC

Delivering smooth, precise gear changes and optimized power delivery, the 8-speed automatic transmission enhances driving comfort, fuel efficiency, and overall performance.

THREE DIFFERENTIAL LOCKS

The mode switching of the distributor, front differential lock and rear differential lock is electronically controlled and help you to navigate various road conditions with ease.

7-SEAT CONFIGURATION WITH TRI-ZONE AC

Spacious 7-seat layout designed for family comfort, combined with a tri-zone air conditioning system that allows independent temperature control for front, second, and third rows—ensuring all passengers stay cool and comfortable

PERFORMANCE

EXCELLENT OFF-ROAD CAPABILITY

APPROACH ANGLE (°)

$\geq 30^\circ$

DEPARTURE ANGLE (°)

$\geq 24^\circ$

MINIMUM GROUND
CLEARANCE (MM)

215

2.0T TURBOCHARGED ENGINE

Powered by a 2.0L turbocharged engine, the BAIC BJ60 delivers a strong balance of performance, efficiency, and reliability. With robust power and responsive torque, it provides confident acceleration on highways, smooth everyday driving, and the capability needed to tackle challenging off-road terrain with ease. Designed for both adventure and comfort, the 2.0T engine ensures a refined and dependable driving experience in all conditions.

BAIC

SAFETY

Lane Departure Warning

It aims to help drivers minimize the risk of unintended lane departures on highways, expressways, and main roads by both visual and auditory alerts.

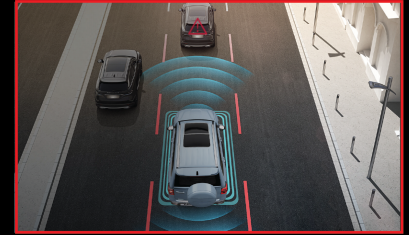

High Beam Assist

Automatically turning on or off the high and low beams to avoid dazzling other drivers, promoting safer driving conditions.

Forward Collision Warning

It alerts the driver through auditory and visual warnings when the distance to the preceding vehicle becomes dangerously close, helping the driver maintain a safe distance from the vehicle ahead and prevent rear-end collisions.

Integrated Adaptive Cruiser Control

It intelligently adapts to the preset speed and automatically switches targets, taking the load off your feet and allowing for a more relaxed driving experience.

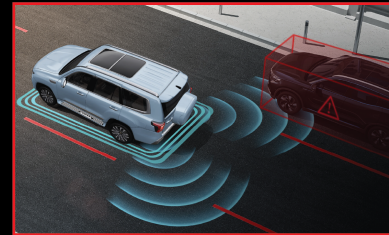

Autonomous Emergency Braking

It detects pedestrians or vehicles in front of the car and alarms if there is a risk of collision. Safety control, no more tailgating.

Hill Hold Control

It prevents the vehicle from slipping, thus improving driving safety when starting on an uphill slope.

Integrated Cruise Assist

Intelligent following and lane centering to reduce driver workload.

Hill Descent Control

It allows for a gradual descent to promote safety and comfort. The speed is automatically controlled to prevent accidents.

A side profile view of a dark blue SUV, likely a Toyota Land Cruiser, shown against a plain white background. The vehicle is positioned horizontally, facing left. It features a boxy design with large windows, a prominent front grille, and multi-spoke alloy wheels. The image is part of a larger graphic where the vehicle's silhouette is used as a frame for text.
